

## REMARKS

The following remarks are responsive to the Office Action mailed on July 10, 2003.

Claims 10-11 and 14-39 have been canceled without prejudice. Claims 1-9 and 12-13 are pending. Applicants reserve the right to pursue the subject matter in those canceled claims in subsequent divisional and/or continuation applications. Accordingly, Applicants respectfully request examination of claims 1-9 and 12-13.

### Restriction Requirement

The Examiner has restricted claims 1-39 under 35 U.S.C. § 121 into eight groups, and requested Applicants to elect one of the eight groups for examination purposes. Applicants respectfully request the Examiner to reconsider the restriction requirement under 37 C.F.R. § 1.143 in view of canceled claims 10-11 and 14-39.

Applicants respectfully submit that claims 1-9 and 12-13 should be examined together as at least being directed to a variable speed wind turbine with a passive grid side rectifier. The examination of claims 1-9 and 12-13 would not place undue burden on the Examiner. See, e.g., MPEP § 803, at 800-4.

### Information Disclosure Statement

The Examiner refused to consider all of the references submitted in the Information Disclosure Statement filed on March 20, 2002. (07/10/03, Office Action, at 3). Specifically, the Examiner stated:

Applicant(s) inundated the Examiner with a large volume of prior art that is not material and may obscure a single reference that is material and thus may be effective as improper as withholding a material reference.
